## Less than not enough money from the Social? Make them PAY!

If you live alone or alone with your children in a camp or „Übergangwohnheim“, then it is very likely, the social is paying less money to you than they legally should.

Since 2019, the Social is cutting 10 % off your money!

They claim, you can save that money by sharing with your neighbors like a family. e.g., instead of 364 €, every month you only receive 328 €.

That is injustice! Some courts recently found that it is against the constitution.

### **Act up!**

We suggest that you (and everyone else affected) formally file an objection. If successful, you'll get payed your 10 % for now and also for the last year, which is from 35 to 45 € per month. You will only be refunded if you file an objection during this year.

We support you!

What you can do now:

1. Fill the enclosed questionnaire
2. Copy or a scan of your latest letter from the Social: „Bescheid über Leistungen nach dem Asylbewerberleistungsgesetz (AsylbLG)“ -looks like this →  
(It is best to have all pages copied)
